YEAR ENDING FEBRUARY 15,
1896.

LANCASTER, N. H.:
ROWELL & BAILEY, JOB PRINTERS, PUBLISHERS, AND STATIONERS.
1896.

State of New Hampshire.

To the inhabitants of the Town of Lancaster, qualified to vote in town affair:

You are hereby notified to meet at the Town Hall, in said town, on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects, to wit:

1. To choose a town clerk for the ensuing year.
2. To choose three selectmen, treasurer, and other necessary officers.
3. To see what sum of money the town will vote to raise to meet the current expenses of the town and apply upon the principal and interest of the town debt.
4. To see what sum of money the town will vote to raise for building and repairing highways and bridges, and direct how the same shall be expended.
5. To see what sum of money the town will vote to raise for building and repairing sidewalks, and direct how the same shall be expended.
6. To see what sum of money the town will vote to raise for breaking rock, building macadam roads or streets, and direct how the same shall be expended.
7. To see what sum of money the town will vote to raise for lighting streets.
8. To see what sum of money the town will vote to raise for the observance of Memorial day.
9. To see what sum of money the town will vote to raise for school books and supplies.
10. To direct how the school money shall be divided.
11. To see what sum of money the town will vote to raise for the support of the reading rooms.
12. To see what sum of money the town will vote to raise for building and repairing main drains and sewers, and direct how the same shall be expended.

13. To hear the report of committee appointed to "investigate the matter of providing some suitable coasting place," and to take any necessary action upon the same.

14. To see if the town will vote to instruct the selectmen to appoint a special police officer for night service in Lancaster village.

15. To see if the town will vote to establish a police court and determine and fix the salary of the judge thereof.

16. To see if the town will vote to remit the rent of the library building from April 1, 1895, to April, 1896, and hereafter allow the library the use of said building free of charge.

17. To see if the town will vote to build a river wall from Mechanic street bridge running southerly along Pleasant street to bend in Israel's river.

18. To see what sum of money the town will vote to raise toward the expenses of a coaching parade.

19. To see what sum of money the town will vote to raise for High school purposes and direct how the same shall be expended.

20. To see if the town will recommend that the selectmen lay out a highway from the house of Josiah Roberts, north of Summer street cemetery, to Lot No. 8, Range 24, now owned by Matthew Monahan.

21. To see if the town will vote to instruct the selectmen to build a suitable pier or piers above the Connecticut river bridge to protect the piers of the bridge from logs, and appropriate money for the same.

22. To see if the town will vote to exempt from taxation any new manufacturing industry, having a capital invested of twenty-five thousand dollars or more, that may be established in said town of Lancaster within two years.

Given under our hands and seal, this 22d day of February, 1896.

We have increased estimate for highways from last year for the following reasons, viz: The Mechanic street and Connecticut river bridges need to be reshingled; Fletcher and Bunker Hill streets need to be graded, nothing having been done to them since the laying out of the same; Page Hill highway east of Page Hill needs widening and putting in better condition than it now is.

SIDEWALKS.

There is much of the concrete walk that needs to be recoated to preserve the foundation and to keep them in suitable condition.

W. H. HARTLEY,	
THOMAS S. ELLIS,	

J. I. Williams, Road Agent for Union and No. 3 districts, in account with the Town of Lancaster :

To the Selectmen :

I herewith submit the following report of disbursement of money intrusted to me.

RECEIPTS.	
Orders on treasurer	\$2,887 25
F. E. Richardson for macadam	5 00
	<hr/>
	\$2,892 25

DISBURSEMENTS.	
Macadam streets	\$ 334 75
Sidewalks	387 25
Sewers	1,149 50
Fuel, new tools, repairs, etc.	103 60
Bills of last year's agent paid	20 92
Fence and road at town lot	17 25
Highways	878 98
	<hr/>
	\$2,892 25

Of the \$878 98 it was necessary to expend in repairing the washouts of the spring freshet on Bridge and Pleasant streets and the culvert at Indian brook about \$250. I have also expended in draining Cemetery street \$45 95, the balance \$583 03 has been expended in repairing the highways in the village and district No. 3. I have put in new, nine culverts and raised the grade of Pleasant street along the river. The expense of cleaning the streets during the summer was about \$70. I have paid for two-horse team and driver 30 cents per hour, and for men 15 cents per hour. There being but little required to repair the macadam streets, and the bridge being out so that I could not cross the river, I thought best to finish macadamising Elm street and on Williams street to the foot of the Thompson hill. I have built on Elm street 1,465 square yards, and on Williams street, 1,162 square yards, at a cost of 12 1-3 cents per square yard—by far the lowest figures that we have been able to obtain. Elm street was macadamized to the Williams House

in 1891; since then it has been subject to very heavy traffic, and I do not see that the bed has changed in the least except where it has been dug up for aqueducts, thus showing that we have adopted the right system and that macadamizing our streets is the most economical way to maintain them. I have expended in the construction of sewers (under your direction) \$1,149 50; with this I have laid 3,690 feet of sewer pipe as follows: On Prospect street, 24 feet 12-inch pipe, 650 feet 8-inch pipe, 135 feet 18-inch pipe, connecting the same with the Williams street sewer. In doing this I built two man-holes for connecting other sewers, one dam for flushing, and laid eight taps for connections for private families. On Mechanic street I laid 122 feet 12-inch pipe, 520 feet 8-inch pipe with five connections for private families. On Elm street I laid 911 feet of 8-inch pipe, building five catch basins, and putting in 15 connections for private families; this sewer also connects with the large Williams street sewer. On Burnside street I laid 448 feet 6-inch pipe with one catch basin, and eight connections for private families. On Bunker Hill street I laid 880 feet 6-inch pipe, made one catch basin, 11 connections for private families, and one T for new street. These sewers have been carefully laid and on grades in no case less than one foot in 100, necessitating in some cases the expense of deep cuts. I have expended on sidewalks \$387.-25 with which we have constructed gravel walk with rock-dust facing as follows: Winter street, 670 square yards; Burnside street, 305 square yards; Water street, 153 square yards; Summer street, 316 square yards. Total, 1,444 square yards.

Respectfully submitted,

J. I. WILLIAMS.

We the undersigned, auditors of the town of Lancaster, having carefully examined the accounts of J. I. Williams, road agent, find them correct, with vouchers for expenditures.
